Explanation - This amendment is a technical amendment and corrects a bill drafting error. The present law adjustment in the Department of Agriculture increasing expenditures from the Coal Tax Shared account (state special revenue) was decreased by the joint appropriations subcommittee \$13,385 each year in the 2009 biennium in order to stay within projected revenue for this account. The bill sponsor intended to include the subcommittee action for this present law adjustment in HB 805. However, this reduction was inadvertently omitted when HB 805 was drafted.
